

# Online Subscription Resources 2022-2023

## ALEKS (K-12)

ALEKS is an online assessment and learning program for grades 3-12. Using adaptive questioning, ALEKS identifies precisely what a student knows and doesn't know within a course. Through personalized instruction on the exact topics each student is most ready to learn, ALEKS effectively targets knowledge gaps enabling immediate success in mastering new material.

\$23.20 per student (no minimum)

NOTE: Order will be placed directly through the rep. [Download order form.](#)

## BLACKBIRD

Blackbird is an online code teaching and learning platform for students 12 and up. The project-oriented coding curriculum introduces new programmers to the skills required to build fun animations and games using JavaScript, the world's most used programming language. Students develop core applicable programming proficiencies like: declaring and using variables, conditional statements, data types, objects, loops, arrays and functions through engaging lessons and projects. The platform includes an easy-to-use code editor, helpful error messages, encouraging gamification, and robust documentation that lowers the learning curve for users.

A teacher-training session is required for onboarding.

\$5.00 per student

## BRAINPOP (K-12)

BrainPOP Combo (BrainPOP, BrainPOP Jr., BrainPOP Español & French) is a trusted learning resource supporting K-12 core and supplemental subjects and offering a suite of learning tools such as animated movies, engaging learning games, playful assessments, reflection and creation tools, customizable quizzes, and primary source activities. Students can demonstrate their knowledge in ways that work best for them—movie making, concept mapping, written reflection activities, and more.

BrainPOP ELL features engaging animated movies that model conversational English while seamlessly introducing grammar concepts and vocabulary words. Students take a placement test to determine language proficiency levels, then advance sequentially through movies, quizzes and tools like "Hear It, Say It" and "Write It" to provide practice and skill development.

Pricing by student enrollment for:	12-month	14-month
BrainPOP 1-10	\$160.00	\$188.00
BrainPOP 11-25	\$318.00	\$371.00
Brainpop 26+	\$640.00	\$747.00
BrainPOP + ELL 1-10	\$297.00	\$347.00
BrainPOP + ELL 11-25	\$455.00	\$530.00
BrainPOP + ELL 26+	\$776.00	\$905.00

## CENTURION (K-12)

SmartShield® endpoint protection creates a virtual space where all unwanted changes are wiped away with each reboot. SmartControl Resource Manager allows you to manage all the features of your SmartShield® clients remotely without having to leave your office.

\$6.75 single license first time

\$2.25 renewal

## INFOBASE LEARNING (K-12)

Order based on total K-12 school enrollment.

**Bundle A:** *Learn360* and *World Almanac*  
\$4.75 per student bundle license

**Bundle A2:** *Learn360/World Almanac For Kids/World Almanac for Kids Elementary*  
\$5.75 per student bundle license

**Bundle B:** *Learn360* and *Classroom Video OnDemand*  
\$4.65 per student bundle license

*Classroom Video On Demand's* Master Curriculum Video Collection serves the specific needs of students who are preparing for college by providing top-quality video across the entire high school curriculum, including life skills and guidance. This specially curated collection is ideal for high schools that want targeted content, tailored specifically to their level, rather than a collection that pools the entire range of K-12 content into one platform.

*Learn 360* With over 150,000 media assets for teachers and students. *Learn360* is a comprehensive K-12 multi-media resource.

*The World Almanac®* for Kids is the ideal one-stop reference resource for intermediate-level students. Brand-new modules and a wealth of new content have been added, along with more than 50 new interactive games, more than 100 new videos, and many other enhancements.

*The World Almanac® for Kids Elementary* is an exciting, fun resource especially for elementary school students. This new database provides a wealth of elementary-level content—including engaging illustrated articles, videos, interactives, Fun Facts, and more—in a colorful, kid-friendly format perfect for helping young children develop online research skills.

*The MailBox® School & District* Make learning fun while teaching core skills with thousands of worksheets, crafts, forms, songs, games, graphic organizers, patterns, clip art, cards, and more for PK-6. All content is editor-reviewed and created by teachers for teachers with new content added regularly.

\$3.00 per student  
(Order based on total school enrollment.)

### Source Reference

A student's first stop for building research skills, *Source Reference* integrates quality reference content with instructional videos and tutorials to provide research instruction in the classroom. Prepare students for the rigors of academia or any kind of research, building confidence and cultivating information literacy skills.

\$4.10 per student  
(Order based on grades 6-12 enrollment.)

*Blooms Literature (6-12)* *Bloom's Literature* is rich with relevant content on the core authors and works most studied in the high school curriculum. Students will find exactly what they need without having to wade through an uncurated search. Educators will appreciate the thoughtful organization and important curriculum tools to help with lesson plans, assignments, and independent study.

\$4.10 per student  
(Order based on grades 6-12 enrollment.)

*Science Online (6-12)* With a wealth of content and a dynamic design that facilitates STEM research and learning, the award-winning *Science Online* offers a comprehensive overview of a broad range of scientific disciplines. Topic Centers feature specially selected content on core science disciplines to help students find a starting point for their research. Students can also access the full, updated content of our unique science eLearning Modules, which target a variety of core topics and feature valuable Teacher Support materials for seamless in-class integration.

\$3.90 per student  
(Order based on grades 6-12 enrollment.)

*Science Today (6-12)* *Today's Science* bridges the gap between the science taught in class and real-world discoveries—giving in-depth explanations of important advances in biology, chemistry, environmental science, space, physics, and technology. Featured articles offer easy access to related content such as crossword puzzles, cartoons, and questions; additional articles that help place news and discoveries in context; and interviews with scientists that bring the research to life. An extensive backfile dating back to 1992 illustrates how one scientific advance leads to another; the stories focus on the questions scientists ask themselves and, in doing so, reinforce science educators' traditional emphasis on the scientific method. This essential STEM resource shows how the scientific method can be applied to everyday life, helping users think like scientists—applied science in a nutshell.

\$3.00 per student  
(Order based on grades 6-12 enrollment.)

## IXL (K-12)

IXL is an immersive, adaptive K-12 learning experience that provides comprehensive, standards-aligned content for math, language arts, science, and social studies.

## LIGHTSPEED SECURITY PRODUCTS

Lightspeed Filter is powered by the most comprehensive database of K-12 online content in the industry from twenty years of web indexing. Patented Lightspeed Smart Agents leverage advanced AI to automatically block millions of inappropriate and harmful sites, images, and videos. Lightspeed Filter helps technology teams scale student safety with our cloud-based, device-level protections that work across all devices, operating systems, and learning environments.

Lightspeed Classroom Management™ gives teachers control over their digital classrooms and real-time visibility of student activity. Teachers can monitor student screens, close distracting tabs, block up to 100 URLs, and enable screen sharing for a collaborative, interactive classroom—whether in-person or at a distance. With Lightspeed Classroom Management, educators can spend more time educating, and less time managing.

Lightspeed Mobile Device Management™ equips district IT leaders with a centralized, cloud-based solution for infinitely scalable device, application, and policy controls. Ensure safe and secure management of student learning resources with real-time visibility and reporting essential for effective distance learning.

Lightspeed Alert™ is a critical component in student safety plans and the prevention of self-harm, cyberbullying, suicide, and school violence. Administrators and their delegates

Site License up to 20 licenses	\$170.00	\$199.00
Each License over 20	\$8.75	\$8.75

**MOBYMAX (PK-12)** ♦

Find and fix math learning gaps covering Common Core, NGSS, and State Standards. Teacher can purchase based on the number of students served and the type of subject (versus module). All licenses come with classroom motivation, communication, and progress monitoring modules.

Subjects include Math, ELA, Science, and Social Studies. Subjects can be licensed individually or bundled together.

Minimum order of 10 licenses.

**Science or Social Studies Single-Subject License**  
\$6.25 per student

**Math or ELA Single-Subject**  
\$12.50 per student

**All-Subject License**  
\$16.50 per student

**SEESAW** ♦

**SEESAW FOR SCHOOLS**—Seesaw is a learning platform that brings educators, students, and families together to deepen student learning. Teachers design and facilitate powerful learning experiences, students create, reflect, collaborate, and make their learning visible, and families actively support and celebrate student learning. Seesaw is used by over 10 million teachers, students, and family members every month across more than 75% of schools in the U.S. and over 150 countries worldwide.

\$5.60 per student (minimum of 20 licenses per school)

**SEESAW LESSONS**—Seesaw Lessons are a library of ready-to-assign lessons that utilize Seesaw’s creative tools to build mastery of foundational skills and fill gaps in learning. The lessons are standards-aligned and grounded in research-based best practices. The library is constantly updated with new collections and expansions of current lessons and is effective in any instructional setting.

\$11.25 per student for Seesaw and Lessons bundled together (minimum of 20 licenses per school)

**SPELLING SHED**

Spelling Shed provides teachers with an engaging way for students to practice their weekly word lists. Weekly spelling tests can be delivered via our

Hive Games or our new Test Me feature. Spelling Shed includes spelling and vocabulary word lists for Pathways and Pathways 2.0 content. Teachers also can use our grade-level content or create their own word lists. All student data is tracked and recorded, this allows teachers to monitor their students progress.

Phonics Shed digital activities are included with your Spelling Shed subscription. These activities are a great way to supplement your phonics curriculum. Phonics Shed also provides you with an assessment screener to help you identify gaps in your students’ knowledge.

\$1.80/student. Minimum order of 15

**TYPING AGENT (K-12)**

With Typing Agent your students learn how to use their equipment, how to use it safely, and actually produce work! It features separate keyboarding environments for K-2, 3, 4-5, middle and high school students; two typing code sections; and a Digital Citizenship curriculum with reporting. It also includes Spanish instructions, Spanish lessons, is ADA compatible, and more. There is also reporting, customizable grading, and a dynamic curriculum that adapts to each student’s needs. It allows for Google and Office 365 Single Sign-On, as well as CSV uploading.

Rostering with Clever and ClassLink is available for an additional fee of \$60.

\$1.05 per student

**YETI ACADEMY/TYPING AGENT COMBO**

Yeti provides a web-based experience designed to provide multiple learning opportunities and engages students with a variety of learning styles. Yeti Code enables students to learn and practice coding in a unique multiplayer game environment. Our project-based STEM modules are designed for both 3rd-5th and 6th-9th grade students with a project-based appeal where students journey through different learning opportunities and

teachers are supplied with extensive resources including lesson plans, activities, slide shows, tests, and more that can be used in their electronic format or printed. Each module is methodically prepared by a highly accredited curriculum designer with years of STEM teaching experience.

\$2.85 per student
