GENERAL INFORMATION

Now these are the gifts Christ gave to the church: the apostles, the prophets, the evangelists, and the pastors and teachers.”

— Ephesians 4:11 NLT

GENERAL INFORMATION

1.1 INTRODUCTION

All educators in Seventh-day Adventist schools are expected to hold the appropriate Seventh-day Adventist certification. These certificates are issued to individuals based on personal, academic, and professional qualifications deemed necessary for providing an excellent education to children and youth in Seventh-day Adventist schools. Holding a certificate does not imply an offer of employment.

Qualifying for the appropriate certificate and maintaining it through continued professional preparation and growth is the responsibility of each educator.

1.2 CERTIFICATION PROVISIONS

- 1.2.1 The North American Division PK-12 Board of Education establishes certification requirements for educational personnel.
- 1.2.2 Implementing certification policies is the responsibility of the North American Division Office of Education. It delegates to the union conference offices of education the authority to issue certificates on its behalf to educational personnel who meet the requirements. All teaching certificates are issued through union conference offices of education. The union director of education serves as certification officer for each union, while the union certification registrar maintains teacher records, processes transcripts, and issues appropriate certificates.
- 1.2.3 In the North American Division (NAD), reciprocity of certification exists among the union conference offices of education. Current teaching certificates issued by a union conference are accepted in other union conferences. Renewal, however, is the function of the union where the teacher is currently employed. Although a teaching certificate issued by another union may have been accepted at the time of employment, the union in which a teacher is currently employed may require the candidate to remove any deficiencies and/or meet any special union requirements before the certificate will be renewed or upgraded.
- 1.2.4 Each union conference shall appoint a Certification Review Committee to study and resolve issues pertaining to certification of individual teachers. The Certification Review Committee will forward to the North American Division Office of Education a copy of its minutes. Matters needing further clarification shall be forwarded by the Certification Review Committee to the North American Division Office of Education for counsel. Final disposition of each case is to be made by the union Certification Review Committee.
- 1.2.5 Seventh-day Adventist colleges/universities, accredited by the Adventist Accrediting Association (AAA), may request the North American Division Office of Education endorse their teacher education programs. Colleges/universities meeting the standards for program endorsement are qualified to issue Verification of Eligibility Certificates to be used by the union in the issuance of certificates.

- 1.2.6 The teacher is responsible for securing appropriate teaching certification for the current level of teaching and for following procedures as outlined in this manual to keep certification current.
- 1.2.7 All academic credits used for qualifying for certification, for endorsements, and for renewing certification shall be received from colleges or universities which are accrediting by either AAA or a regional accrediting association.

1.3 APPLICATION PROCEDURES

The office of education in the union conference where an applicant is seeking certification and employment must receive the following:

- a. An application for certification.
- b. An official copy of the applicant's undergraduate and graduate transcripts sent directly to the union conference office of education from the college/university office of records. Unofficial transcripts and student copies of transcripts are unacceptable for certification purpose.
- c. For applicants who have completed an NAD-endorsed teacher education program, a Verification of Eligibility Certificate will be issued by the Adventist college/university.

SUPPLEMENTAL CERTIFICATION POLICIES

4.1 CERTIFICATION REVIEW COMMITTEE

The union conference Certification Review Committee is to study and resolve problems relating to certification. It is recommended that members of the Certification Review Committee should include:

SUPPLEMENTAL CERTIFICATION POLICIES

4.5 PROFESSIONAL ACTIVITY – CONTINUING EDUCATION UNITS (CEU)

4.5.1 Continuing Education Units (CEU) are earned by participation in professional learning activities that extend and enhance the educator’s professional expertise. CEUs may be used to meet requirements for certification renewal or reinstatement for educators holding designated subject, standard, professional, and/or administrator certificates as applicable (see 2.2.3, 2.2.4, 2.3.2, 2.3.3, 2.4.3, 2.4.4, and 2.5.3).

4.5.2 One Continuing Education Unit (CEU) is equivalent to 10 clock hours of participation in a professional development activity (1 CEU = 10 clock hours). CEUs may be recorded in tenths of a CEU since one clock hour is equivalent to 0.1 CEU.

Where professional learning clock hours (CEUs) may be utilized in lieu of academic credits as provided by this certification manual, the equivalent to academic credit is calculated in the following manner:

20 clock hours (2 CEUs) is equivalent to 1 quarter credit.
 30 clock hours (3 CEUs) is equivalent to 1 semester credit.

4.5.3 Educators benefit when earning CEUs in a variety of professional development activities. These activities include the following, which are listed in four categories. Activities from at least two different categories shall be included in the CEUs submitted for renewal during the five years prior to renewal. TEACHING EDUCATION PROGRAM ENDORSEMENT

TEACHING EDUCATION PROGRAM ENDORSEMENT

6.1 INTRODUCTION

Adventist college/university teacher education programs are required to meet applicable state/provincial requirements in order to operate within their jurisdiction. For graduates completing these programs to be certificated as proscribed by this NAD PK-12 Educators' Certification Manual, teacher education programs in Adventist colleges and universities must also meet denominational standards to prepare Adventist teachers for service in Seventh-day Adventist schools.

Adventist college/university teacher education programs are authorized by the NAD Office of Education to grant Verifications of Eligibility Certificates. The program endorsement process that follows has been established to ensure consistent implementation of the pre-conditions and standards for Adventist educator certification.

6.2 PRECONDITION REQUIREMENTS

The following requirements are prerequisite for endorsement of the teacher education program by the NAD Certification Officers (Union Directors of Education Council).

- 6.2.1 The college/university holds current accreditation by the Adventist Accrediting Association, Inc.
- 6.2.2 The college/university holds current regional accreditation.
- 6.2.3 The teacher education program holds state/provincial and/or approval from the Council for the Accreditation of Educator Preparation (CAEP).

6.3 STANDARDS FOR PROGRAM ENDORSEMENT

The Standards for Teacher Education Program Endorsement identify necessary areas of training unique to the goals and needs of the Seventh-day Adventist PK-12 education system. This training is provided by education faculty who have academic qualifications and professional experiences appropriate to the courses taught. Seventh-day Adventist education is distinctive because it not only provides a strong academic program, but it also provides opportunities for students to develop spiritually, physically, and socially. Prospective teachers must have this specialized training to accomplish the important goals of Seventh-day Adventist education.

6.3.1 Standard 1 — Religious Preparation

To broaden the candidate's understanding of the Bible, the program includes a study of Seventh-day Adventist Church history, Spirit of Prophecy, doctrinal beliefs, and biblical content studies.

TEACHING EDUCATION PROGRAM ENDORSEMENT

6.3.2 Standard 2 — Methodology for Teaching Religion

To develop the candidate's skill for teaching religion curriculum, methods of instruction in religion shall be a part of the teacher education program for all elementary education students and for those students preparing to teach religion courses at the secondary level.

6.3.3 Standard 3 — Principles and Philosophy of Seventh-day Adventist Education

To foster an understanding of the ministry of teaching, the teacher education program includes a study of the philosophy of Seventh-day Adventist education and integrates these principles throughout the professional education curriculum.

6.3.4 Standard 4 — Principles of Healthful Living

To enable the candidate to instruct and model healthful living, the program includes a study of principles and concepts of health and wellness, including those found in the Bible and writings of Ellen G. White, that contribute to the well-being of the whole person.

6.3.5 Standard 5 — Experiences in Multigrade Classrooms

To ensure the candidate's ability to teach in a multigrade classroom, the program for elementary education students includes instruction and experiences in a multigrade classroom of two or more grades, preferably in a small school with three or fewer teachers.

6.3.6 Standard 6 — Introduction to Seventh-day Adventist Curriculum Resources

To acquaint the candidate with NAD-approved textbooks and other curricular materials used in Seventh-day Adventist schools, the program includes an introduction to such materials in appropriate education courses.

6.3.7 Standard 7 — Experience in Seventh-day Adventist Schools

To affirm the preparation of the candidate for the ministry of teaching, the program provides for teaching experiences in a Seventh-day Adventist school.

6.4 TEACHER EDUCATION ENDORSEMENT PROCESS

- 6.4.1 A college/university, in preparation of having its teacher education program endorsed by the NAD Certification Officers Council, will submit a written report to the North American Division Office of Education (NADOE) indicating how the preconditions and standards for NAD-endorsed teacher education programs are being met.

TEACHING EDUCATION PROGRAM ENDORSEMENT

- 6.4.2 A one- or two-day on-campus visit will be arranged by NADOE with the college/university. The visiting team will consist of up to three official members, one member of NADOE, one college or university education chair/dean appointed by NADOE, and one additional PK-12 leader. The team's purpose is to gather evidence that the Precondition Requirements and Standards for Program Endorsement have been met. The visiting team will prepare a recommendation concerning program endorsement for submission to the North American Division Certification Officers Council.
- 6.4.3 The NAD Certification Officers will review all reports/recommendations and take official action on teacher education program endorsement. Teacher education programs are endorsed for six-year terms. Official action will be reported to the chair/dean of the college/university teacher education program and to the respective institutional leaders.
- 6.4.4 If the teacher education program is found to not be in compliance with all standards and preconditions, the college/university will have two years to implement the recommendations in order to reach compliance. Before the end of the second year, a report will be sent to NADOE and an on-site visit scheduled, if deemed necessary. The college/university report along with any visiting team recommendation will be reviewed by the NAD Certification Officers. If the program is found to be in compliance, endorsement will be extended to the end of the six-year period. If it is found to not be in compliance, the program will be dropped from the list of endorsed programs.
- 6.4.5 Teacher education programs are endorsed for a six-year period. Endorsement must be renewed at the end of that period. The college/university will submit a report to NADOE and an on-campus visit will be scheduled during the sixth year of the program's endorsement.
- 6.4.6 If substantive changes (i.e., program realignment to meet new state/provincial requirements) are made in the program within the six-year period of endorsement, a report of these changes is to be sent to NADOE by the college/university. An on-site visit will be scheduled and recommendations made to the NAD Certification Officers, as deemed necessary.
- 6.4.7 Refer to the *Teacher Education Endorsement Program Handbook* for complete information regarding the teacher education endorsement process.
